TECHNICAL SKILLS

AJAX, Babel, Bootstrap, CSS, ES6, Express, Firebase, Git, Handlebars, Heroku, HTML, Javascript, JSON, JSX, jQuery, MERN stack, MongoDB, MySQL, Node.js, NPM, Photoshop, React.js, React Native, Redux.js, Semantic UI

EXPERIENCE

Crystal Arts Dance Academy

Tarzana, CA

Freelance - Front-End Developer

January 2017 – Present

- Designed and developed modern CMS-based web application using React.js, Redux.js, Semantic UI on a Node.js application (utilizing Express as framework), focusing on reusable components and front-end libraries for ease of scaling up the application.
- Implemented client-side Validation with Redux-Form to prevent incorrect post requests to the database.
- Used AJAX for implementing dynamic web pages, where MySQL data was fetched via API calls using Axios.js
- Collaborated with the Application Architect and backend developers on JSON API design

JOLIE

Los Angeles, CA

Freelance - Full-Stack Developer

May 2017 – July 2017

- Designed the different front-end applications using web technologies like HTML, CSS, Handlebars.js, JSON, JavaScript and JQuery.
- Implemented authorization in conjunction with Passport.js in order to restrict unapproved users from navigating to product page
- Built CMS-based web site for Administrator to maintain database. Technologies for building CMS includes: HTML, CSS, Bootstrap, Node.js, and Sequelize with an MVC design pattern.

UCLA Extension

Los Angeles, CA

Volunteer TA

May 2017 – July 2017

- Instruct beginning students in coding best practices
- Help students learn development by guiding them through in-class exercises and homework.
- Assisted students in learning HTML, CSS, Bootstrap, AJAX, JSON, JavaScript, jQuery and React.js
